**DEFINITIONS AND SHEPARD RESPONSIBILITIES**

The name "Shepard" shall be construed within the meaning of this contract as Shepard Exposition Services, Inc. and its employees, officers, agents, and assigns including any subcontractors Shepard may appoint. The term "exhibitor" refers to any party who contracts for services with Shepard. Shepard shall be responsible only for those services which it directly provides, and hereby agrees to execute its contracted duties in good faith. Shepard assumes no responsibility for any person, parties, or other contracting firms not under Shepard's direct supervision and control. Shepard shall not be responsible for loss, delay, or damage due to strikes, lockouts, work stoppages, natural elements, vandalism, acts of God, civil disturbances, power failures, acts of terror or war, or any other causes beyond Shepard's reasonable control; or for ordinary ware and tear in the handling of materials. Due to the security and liability requirements, Shepard personnel will unload all vendor materials from the loading docks to the booths.

---

**INDEMNIFICATION**

The exhibitor agrees to indemnify, forever hold harmless, and defend Shepard and its employees, officers and agents from and against any and all claims, causes of action, fines, penalties, damages, liabilities, judgments, and expenses on account of personal injury or death, damage to or loss of property or profits arising out of, or contributed to by any of the following: (1) exhibitor's negligent supervision of any labor served through Shepard or the negligent supervision of such labor by any of the exhibitor's employees, agents, representatives, invitees, or exhibitor appointed contractor (EAC); (2) exhibitor's negligence, willful misconduct, or deliberate act, or such actions of exhibitor's employees, agents, invitees, representatives, or EACs at the show to which this contract relates, including but not limited to the misuse, improper use, unauthorized alteration, or negligent handling of Shepard equipment; or (3) exhibitor's violation of Federal, State, or Local ordinance; or violation of show regulations and/or rules as published by the Facility and/or Show Management.

---

**CLAIM(S) FOR LOSS AND PAYMENT FOR SERVICES**

Exhibitor agrees that any and all claims for loss or damage shall be submitted to Shepard prior to the conclusion of the show when the alleged loss or damage occurred prior to that time, and in all cases within 30 days of the conclusion of the show. For claim reporting purposes, the "conclusion" of the show shall be construed as the end of the day on which exhibitor must vacate the show site. All claims reported after the 30-day period will be rejected. In no event shall a suit or action be brought against Shepard more than one year after the date the loss or damage occurred. Payment for services may not be withheld. In the event of any dispute between Shepard and the exhibitor relative to any loss or damage claim, the exhibitor shall not be entitled to and shall not withhold payment for Shepard services as an offset against the amount of the alleged loss or damage. Any claim against Shepard shall be considered a separate transaction and shall be resolved on its own merit.

**SHEPARD'S LIMITS OF LIABILITY**

If found liable for any loss or damage, Shepard's sole and maximum liability for loss or damage to exhibitor's materials will be limited to the repair or replacement with like kind and quantity, subject to a dollar amount not to exceed $500 (five dollars) per pound based on the weight of the articles for which Shepard specifically acknowledges receipt in writing. During such time, the materials will be left unattended. Shepard is not, and cannot be, responsible for loss, damage, theft, or disappearances of exhibitor's materials after same have been delivered to the exhibitor's booth. Shepard assumes no responsibility for loss, damage, theft, or disappearance of exhibitor's materials after same have been delivered to exhibitor's appointed carrier or agent for shipment after the show. Shepard incurs costs for transportation after the show. Shepard assumes no liability for any materials after the carrier assumes custody of materials. ---

The CONTRACTOR must abide by the rules and regulations of the show and all pertinent union regulations.

As the official show contractor, Shepard will provide all standard trade show services, including installation/dismantling labor, but exhibitors may appoint a non-official contractor to provide installation/dismantling labor provided all the following conditions are met:

~ EXHIBITOR must inform Shepard Exposition Services that they have contracted with a non-official contractor by completing this form and returning it by deadline date. If form is not submitted by deadline date, the Exhibitor Appointed Contractor will not be allowed to perform work in the hall except to supervise the official contractor provided labor.

~ The CONTRACTOR hired by the exhibitor must, by the deadline date, provide Shepard with a current Certificate of Insurance with minimum limits of $500,000 property damage per occurrence, $1,000,000 personal injury per occurrence, workers compensation aggregate coverage of $1,000,000 per occurrence, and naming Shepard Exposition Services as the certificate holder for the time period of the event, including move-in and move-out days. ~ CONTRACTOR employees must wear approved identification badges at all times while in the work area. Badge will be issued at show site to authorized contractor representatives when all requirements have been met.

The exhibitor agrees that he is ultimately responsible for the cost of all services provided in connection to the exhibitor's booth.

~ The non-official contractor agrees to have evidence, in the booth, that it has a valid authorization from the Exhibitor for services.

~ Non-official contractor employees must wear approved identification badges at all times while in the work area. Badges will be issued at show site to authorized contractor representatives when all requirements have been met.

UNION LABOR
Maryland is NOT a “right-to-work” state. The installation and dismantling of prefabricated displays comes under the jurisdiction of the Carpenters union. Union Labor is available to assist in the installation and dismantling of exhibit booths. Exhibit labor, freight and rigging labor, electricians and plumbers can be arranged for at established rates, using the enclosed order forms.

EXHIBIT LABOR JURISDICTION
Carpenter union exhibit labor claims jurisdiction for the installation, dismantling, and first cleaning of prefabricated exhibits and displays. However, two (2) full-time exhibiting company employees may work without Carpenter Labor for one (1) hour on the installation (move in) and (1) one hour on the dismantle (move out), without union labor on booths that are larger than 10x10. Exhibitors may work in booths 10x10 or smaller without the use of union labor. Exhibitors are not permitted to use Power Tools (electric drills, power saws, etc) on booths of any size. Manual tools such as hammers, screwdrivers, ratchets, pry bars, etc are allowable for exhibitor use within the size and time frame limitation. Exhibitors may not borrow tools, ladders or other equipment from the exhibit facility or from Shepard Exposition Services.

MATERIAL/FREIGHT HANDLING JURISDICTION
Shepard Exposition Services has the responsibility of receiving and handling all exhibit materials and empty crates that come in via over the road carriers. It is Shepard’s responsibility to manage docks and schedule vehicles for the smooth and efficient move-in and move-out of the exhibition. Shepard will not be responsible, however, for any materials they do not handle. Unloading or reloading of any freight into the exhibit hall by any and all private vehicles and contracted carriers will be handled by Shepard Exposition Services. Rates for material handling services are enclosed in this exhibitor service manual.

One individual from each exhibiting company is permitted one trip to hand carry items into exhibit facility. The use of dollies, hotel baggage carts, flat trucks, and other mechanical equipment is not permitted.

Vehicles must not be left unattended at the loading areas. Any unattended vehicles will be towed at the owner’s expense.

The Fire Marshal absolutely prohibits the storage of empty containers in the exhibit hall. Arrangements have been made with Shepard Exposition Services to store empty crates. Please refer to the Material Handling Information sheet in this service manual for the handling of empties, disposal of skids, etc.

GRATUITIES /BREAKS
Tipping is expressly prohibited. This includes such practices as giving money, merchandise, or other special consideration for services rendered. Do not give coffee breaks other than mid-morning and mid-afternoon, when the union has a 15 minute paid break. Meal breaks are one hour. Any attempt to solicit a gratuity by an employee for any service should be reported immediately to Shepard Exposition Services.

IN GENERAL
Exhibitors do not have to respond to grievances or complaints from union and trade personnel with respect to work jurisdictions. Please refer all such disputes and/or questions to Shepard management personnel immediately.

SAFETY
Safety of everyone working in the hall is of our utmost concern at all times. Standing on chairs, tables and other rental furniture is prohibited. This furniture is not engineered to support your standing weight. Shepard Exposition Services cannot be held responsible for injuries or falls caused by the improper use of this furniture. If assistance is required in assembling your booth, please order labor on the Labor Order Form included in this manual and the necessary ladders and tools will be provided.

SPECIAL HANDLING DEFINITIONS  
Rate as shown on Material Handling Authorization Form

Shipments received that are packed in a manner as to require additional handling/labor are deemed special handling. Examples of shipments falling into this category would be constricted space unloading, ground unloading, stacked shipments, designated piece unloading, shipment integrity, mixed shipments, no bill of lading or documentation, carpet/pad only shipments.

• Constricted Space - Freight packed in trailer to full capacity. Shipments are not easily accessible because trailer is loaded by cubic space, or top to bottom and side to side.

• Stacked Shipments - Shipments with multiple pieces stacked on top of one another throughout the majority of the truck or trailer requiring unstacking during the unloading process.

• Mixed Shipments - Mixed shipments are shipments that contain a mixture of uncrated and crated materials, and the uncrated portion is minimal deeming the shipment special handling but not uncrated. But in cases where greater than 50% of the load by volume is uncrated the load will be categorized as uncrated.

• Shipment Integrity - Shipments loaded on a carrier in a manner requiring separating or sorting to reestablish the integrity of each shipment.

• Carpet/Pad Only - Carpet and/or pad only shipments are time and labor intensive, and require additional manpower and tools (e.g. carpet poles, flatbed carts or scooters, dollies).

• No Documentation - Shipments received from small package carriers (including, among others, Fed Ex, UPS, & DHL) that are delivered without documentation or bills of lading that require additional sorting, processing, and tools for delivery.

• Designated Piece Unloading - Shipments loaded in such a manner that require the unloading/loading crew to be directed by driver remove items in a particular order, or unloading and reloading items to reach certain pieces behind others remaining on the trailer.

DISPOSAL FEE
Fee: .75 Per Lb  Labor Rate:  108.50  Per Hour ( OT/DT rates may apply)
A disposal fee & minimum 1 hr labor will be charged for all booth materials (booth displays, flooring, etc.) that are left unclaimed after show move-out.

OVERTIME/DOWNLOAD TIME
Surcharge: Overtime: 30%  Double Time: 50%
Shipments that are moved and/or handled on overtime and/or double time hours will incur a surcharge based on the handling times noted on the receiving/shipping documents. Drivers picking up outbound shipments will be sequenced for loading ONLY after a bill of lading is submitted to the Shepard Service Desk AND the driver has checked in.

WAREHOUSE OVERTIME/DOWNLOAD TIME
Surcharge: Overtime: 30%  Double Time: 50%
Advanced shipments may be received during straight time hours at the warehouse location, however an overtime/double time surcharge may be applied to an advanced warehouse shipment due to required delivery schedule based on show move-in and move out hours beyond our control. This would also be true if freight was received after hours at the warehouse trapping facility.

EARLY/LATE SHIPMENTS TO WAREHOUSE
Surcharge: 25%  Minimum: $50.00
A surcharge will apply to shipments not arriving within the published dates (refer to Show Information page for dates) for advance warehouse or arriving on show site after show opening. Any shipment arriving to showsite after show open will be charged a surcharge.

UNCRACTED SHIPMENTS
Rate as shown on Material Handling Authorization Form
An additional charge of 50% (or as stated on Material Handling Authorization page) of the applicable material handling charge at the time of delivery shall be charged for all loose, uncrated, or unprotected shipments received at the show site docks. The charge is a one-time charge that includes both move-in and move-out of the show, and is based on the weight of the shipment handled.

OFF-TARGET DELIVERIES
Surcharge: 15%  Minimum: $50.00
For targeted shows (exhibitors who received/requested a Targeted Date/Time), a surcharge will apply if shipment is not delivered (or carrier has not checked in) during assigned target date/time.

MARSHALING YARD
Surcharge: $30 per Shipment
Where Shepard Exposition Services as the show contractor must lease space for marshaling yard operations because no space is provided by the facility, Shepard may charge a one time fee per shipment processed inbound and/or outbound through the marshaling yard.

REWEIGH OF SHIPMENTS
Surcharge: $25.00 per forklift load
An additional charge per forklift load will be applied to shipments that have to be reweighed at the dock due to the lack of a certified weight ticket, or an incorrect or understated weight on a delivery document.

EMPTY CRATE STORAGE
Surcharge: $25.00 per piece, Minimum $50.00
A charge per crate, carton or skid applies when Shepard handles the storage and return of empties from a shipment not received by Shepard and therefore not subject to material handling charges.

SMALL PACKAGE CONSOLIDATION
Cartons weighing 30lbs or less will qualify for the small package rate. Should one delivery contain 15 or more small packages, it can be consolidated and charged as standard material handling for a lower rate. Packages exceeding 30lbs will be billed standard Material Handling fees at the prevailing show rates.

ENVELOPE DELIVERIES
Surcharge: $10.50 per envelope
During show hours at the show facility, a charge will apply to receiving and delivering envelope packages to your booth.

If you have any questions about material handling, please contact Shepard Customer Service department.
What is material handling (also referred to as drayage)?
Material handling is the process of unloading your freight from your shipping carrier, either at the warehouse or show site, delivering it to your booth, storing your empty containers (empties) if required, returning of your empties at the close of show, and then reloading your freight back onto your shipping carrier.

What is the definition of "freight"?
Any exhibit materials that are shipped or delivered to the advance warehouse or show facility via shipping carrier, POV, or delivery truck.

What is a "certified weight ticket"?
A printed weight ticket from a scale certified or inspected by a government authority such as the Dept. of Agriculture, indicating the date weighed, the weight of the shipment and the vehicle ID of the unit being weighed.

IMPORTANT FACTS ABOUT ADVANCE SHIPMENTS

What are advance shipments?
All shipments that are addressed to the advance warehouse address (please refer to “Advance Warehouse” shipping labels included in this manual).

Shepard will begin accepting your shipments 30 days prior to first show open day (date may vary depending on show schedule).

The warehouse will receive shipments Monday-Friday, 8:00am - 4:00pm, excluding holidays.

Shipments must arrive by advance warehouse deadline date to avoid a late surcharge. (Please refer to the “Show Information” page included with this manual for deadline date.)

Crate, carton, skids, fiber case materials can be accepted at the warehouse, but DO NOT ship crates weighing over 5,000 lbs., loose/uncrated shipments and/or machinery to warehouse. You must ship those items direct to show site.

Shipment must have a bill of lading or delivery slip indicating number of pieces and weight. Certified weight tickets required.

All shipments are shipped direct to show site to arrive during exhibitor move-in times. Crates weighing over 5,000 lbs. or loose/uncrated shipments must be unloaded/reloaded with no special handling required.

What are direct shipments?
All shipments that are addressed directly to the exhibit facility (please refer to “Direct to Show” shipping labels included in this manual).

Shipments must arrive during published exhibitor move-in times only. Do not ship direct to show site in advance. If delivery cannot be guaranteed to arrive during exhibitor move-in, shipment must go to advance warehouse.

All shipments must have a bill of lading or delivery slip indicating number of pieces and weight. Certified weight tickets required.

Crates weighing over 5,000 lbs. or loose/uncrated shipments must be shipped direct to show site to arrive during exhibitor move-in times. All shipments must be prepaid, no collect on delivery shipments will be accepted.

What is material handling (also referred to as drayage)?
Material handling is the process of unloading your freight from your shipping carrier, either at the warehouse or show site, delivering it to your booth, storing your empty containers (empties) if required, returning of your empties at the close of show, and then reloading your freight back onto your shipping carrier.

What is the difference between material handling and shipping?
Shipping is the process of carrying your shipment from your location, pick-up area to it's destination and also the process of returning your shipment back to your location after the close of the show. Material handling begins at the time your shipment arrives to the docks (please refer to "What is material handling?" for the full definition.)

Do I need to order a fork lift to unload or reload my freight?
No, please do not order a fork lift for unloading/reloading of your materials.

What does CWT mean?
CWT is an acronym for Century Weight, therefore it means per 100 lbs.

WHAT IS SPECIAL HANDLING?

WHAT IS SPECIAL HANDLING?
Shipments delivered that require extra labor for stacking or unstacking containers on a truck, tarping or untarping freight or containers, or rigging pieces for loading or unloading on a truck or from the ground, or other circumstances requiring the rehandling of materials. Cannot be completed solely with one forklift and operator.

WHAT ARE CRATED MATERIALS?
Materials delivered that are skidded or in a container that can easily be unloaded/reloaded with no special handling required.

WHAT ARE UNCRATED MATERIALS?
Materials delivered that are loose, pad-wrapped or unskidded without proper lifting bars and/or hooks.

WHAT IS CMT?
Certified weight tickets required.

Charges are based off the weight from your inbound weight ticket included with your shipment.

Material handling services, whether used completely, or in part, are offered as a package. When recording weight, round up to the next 100 lbs. EXAMPLE: 285 lbs. = 300 lbs./100 lbs. = 3 X RATE = $ Amount or minimum charge, whichever is greater.

Will there be any additional charges?
Additional charges may apply. Please review the Material Handling Authorization and Material Handling Additional Services forms included in the manual for all applicable fees.

SMALL PACKAGES

What are small package carrier shipments?
Shipments that arrive via small package carrier such as FedEx Express Service, UPS small package service, DHL small package service, and other carriers in this category and do not have a certified weight ticket included with shipment. This applies to packages weighing under 30 lbs.

How do I calculate my small package carrier shipment?
Changes for small package carrier shipments are based on per carton, per delivery.

Example: I'm shipping 3 packages via FedEx, how much will I be charged?
3 x per carton rate = $ amount charged (plus any additional fees that may apply)

Please be advised that your whole shipment may not arrive at its destination at one time. Therefore you may be charged per each delivery, and minimum charges may apply.

CRATED—UNCARTED—SPECIAL HANDLING

What are CRATED materials?
Materials delivered that are skidded or in a container that can easily be unloaded/reloaded with no special handling required.

What are UNCRATED materials?
Materials delivered that are loose, pad-wrapped or unskidded without proper lifting bars and/or hooks.

What is SPECIAL HANDLING?
Shipments delivered that require extra labor for stacking or unstacking containers on a truck, tarping or untarping freight or containers, or rigging pieces for loading or unloading on a truck or from the ground, or other circumstances requiring the rehandling of materials. Cannot be completed solely with one forklift and operator.

OUTBOUND SHIPMENTS

You must complete a Shepard Material Handling Agreement (MHA) for all outbound shipments. A MHA will be distributed at show site if all services have been paid in full, or you can request one at the customer service desk.

Upon completion of packing and labeling of your materials, complete the bill of lading with all required information, and return to customer service. If you have questions on how to complete your bill of lading, please ask a Shepard customer service representative located at the customer service desk.

If you are NOT using the designated shipping carrier, you must call your carrier with pick-up information. If your carrier fails to pick up your shipment, Shepard will either reroute your freight through the carrier of our choice or return to the local warehouse (whichever is indicated on your MHA).

How can I make shipping my show materials easier?
Signature Series Shipping will make it easier with the following benefits:

~ Receive a 10% discount off of material handling rates (restrictions apply).
~ Worry-free shipping to and from your show.
~ Priority Empty Service - priority of empty return at the close of show.

Frequently Asked Questions for Ordering Electrical Services

Online Ordering is available at www.hi-techelectric.com

Where is my power located?
Inline and Peninsula Booth power is generally located along the back center curtain wall, unless you request the power to be distributed from this main location (drop) to other locations in the booth.

Island Booths will have the main drop installed at the location requested by you. This main drop must be indicated on a scaled floor plan. Neighboring aisles and booths should also be included on this floor plan. Should no floor plan be provided, the main drop will be installed in the booth at our discretion.

Note: For safety precautions, all Island Booth power will be turned off after the installation is completed and tested. Please come to the Electric Labor Desk when your carpet installation is completed to schedule your booth electric services to be energized.

What if I need power in one or more additional locations?
Supply Hi-Tech Electric with a floor plan of your booth showing the exact outlet locations needed, and the amount of electricity designated at each one.

Feel free to download any of these scaled grids provided on the FAQs link at our website: www.hi-techelectric.com for your convenience: 10x10, 10x20, 10x30, 20x20, 20x30, 20x40.

If a different size grid is needed, please contact our Exhibitor Services Department: dcexhibitorservices@hi-techelectric.com.

Do I need a floor plan for lighting?
All lights require a floor plan for placement and focusing.

How do I determine how much power to order?
Calculate your electrical needs by the amperage (amps) or wattage (watts) of each piece of equipment requiring power. This would include lighting. If multiple outlet locations are required, there is a maximum of one connection per outlet. Example: If there are 5 separate locations, indicate how much wattage per outlet location.

Standard office equipment such as laptops, computer monitors, lead retrievals units, credit card machines, DVD players and TVs will be ordered from the first three line items under 120v outlet on the service order form.

How do I order 24-hour power?
Indicate the quantity of outlets in the column marked 24 Hr or Dedicated 20 amp, and double the listed amount according to the advance or post-deadline date. Also indicate these on the booth diagram.

How do I know if my booth requires labor and materials?
- Since all Island Booths stand alone, they require electricity to be brought to a main drop location from the closest power source in the exhibit hall. Therefore, a minimum one-hour (per technician) labor is charged for installation. Materials used to complete the installation are determined on site. If you require an estimate pre-show, contact our exhibitor services dept. at dcexhibitorservices@hi-techelectric.com.
- Any booth or display that requires a dedicated outlet (minimum 20 amp) to be installed may also incur labor and material charges. For any questions, please call 202-249-3600 or email dcexhibitorservices@hi-techelectric.com.
• Any booth requesting multiple outlet locations (power distribution) will require labor with a minimum one hour (per technician) for installation. Materials used to complete the installation are determined on site.

• Any booth with a service order for a 208V motor and equipment outlet will require labor with a minimum one hour (per technician) to configure the connection. Materials used to complete the installation are determined on site.

• All overhead services will require labor: overhead quartz lights from the ceiling, signage over 200 lbs, lit signage

• All re-distribution of services, added outlets, or any other onsite changes will require labor, for example: change of outlet location once installed

• Please complete the **Labor Request Section** of the service order form to schedule Labor.
